*InSight Gallery will be tripling its space this Spring as we move into a completely restored 8,000 sq. ft. building. Set on idyllic Main Street in Fredericksburg, Texas, our new location boasts 15 foot ceilings with century old limestone walls. A private viewing area, wet bar upstairs and down and a large elevator to move more conveniently between the two floors are just a few of the amenities in our exquisite new home.*

*We have a Texas style celebration planned on April 1 to introduce our new space and to kick-off our TEXAS TWO show and sale. Both artists will be in attendance for the reception.*

ROBERT PUMMILL
